

POWER DOWN

for energy conservation

How can you help reduce energy demand when prices are at their highest?

1. Sign up to receive Power Down alerts through SmartHub, our free online account management tool.
2. During peak energy alerts, voluntarily reduce your energy use however you are able.
3. When the peak energy alert is over, resume your normal energy use.

When many people make small changes, those changes add up to significant savings and help keep our rates stable!

People's Energy Cooperative

Your Touchstone Energy® Cooperative 

(507) 367-7000 or (800) 214-2694
