

DAIRYLAND POWER COOPERATIVE SURVEY

In April, you may receive a survey in the mail with the logo of Dairyland Power Cooperative on it. Dairyland is one of our power suppliers and we are sponsoring a mail survey with them to ask members information about your home, appliances, energy efficiency, and opinions regarding a handful of energy related topics. Your answers will be kept completely confidential and you will be helping us plan for the future.

If you receive a copy of this survey, we request that you take 10 minutes to complete it and return it to the survey processor in the postage-paid envelope that will be provided. With your help, Dairyland will be able to offer better programs and plan for our growing power needs. We thank you in advance for your participation!
