FAQS ABOUT YOUR HEALTHY SAVINGS DISCOUNTS

How much does the program cost?

These discount benefits are provided at no cost to you.

Does everyone in my family need an individual card for the health discounts?

No. One card may be used by you and your immediate family.

I just received my card. When can I start using it?

Right away! Just present your card at a participating provider to receive a discount at the time of purchase. Make sure to show them the back of the card for easy processing.

I've lost my card. How can I get a replacement?

Please contact People's Energy Cooperative at 507-367-7015.

How are The Healthy Savings discounts different from traditional insurance?

This plan is not insurance; it is a benefit discount offer. The card provides immediate discounts at the participating provider of your choice. Upon presenting your card, you will pay the discounted price at the time of service. There is no paperwork and no limit to the number of times you can use the card. These discounts are available only at participating providers. Please discuss the program discounts with health-related provider prior to services rendered or purchases.

Can I use my card with my current insurance benefit to reduce my costs?

No, your card cannot be used in conjunction with insurance. However, you can use your card for products and services not covered by your insurance plans. The card will even help in the "doughnut hole" of Medicare Part D.

Where can I get a list of providers that accept the card?

The Co-op Connections card is accepted at more than 100,000 health-related providers nationwide. Find participating locations at HealthySavings.coop. For retail, dining, travel and all other types of discounts, visit www.connections.coop/peoplesrec to search through 32,000 online and local business discounts.

Can I find out the discounted price of my prescriptions before going to the pharmacy?

Yes, if you know the name, strength and quantity of the medication, you can find the discounted price of the medication by visiting rxpricequotes.com or calling 800-800-7616. You will receive the best price available to you through this program. On occasion, pharmacies will price a particular medication lower than the discount rate provided by the card. If that occurs, you will receive the lower price.
